Objective

"I am enthusiastic about the opportunity to secure an internship at your Company to have my On the Job Training to further develop my skills and knowledge while actively contributing to the company's projects. Through this internship, I aim to gain valuable hands-on experience, collaborate with professionals, and apply my passion for and to make a meaningful impact. This experience will not only enhance my career prospects but also allow me to learn and grow in a dynamic environment, ultimately paving the way for a successful future in BS in Information Technology fields"
